

Thytec Australia Pty Ltd

COMPANY / CAPABILITY OVERVIEW

Thytec Australia is an Australian designer and manufacturer of UPS (Uninterruptible Power Supply), Frequency Converters, Battery Chargers, Power Supplies, DC to DC Converters, Inverters and Line Conditioners and suppliers of Batteries and Battery Monitoring Systems.

Thytec has its manufacturing facility located in the industrial division of Bayswater, Victoria Australia.

Our strength is derived from our ability to design, manufacture and deliver products of high performance and reliability. Our experienced and highly skilled team members support clients Australia wide and provide exceptional support to fit and consistently satisfy the needs of our customers.

We go out of our way to provide the best solution to the customer's particular problem, keeping in mind the quality and cost effectiveness of the solution to maximise return on their investment.

40 years of experience partnering with the Department of Defence, Water Authorities, Power Stations, Mining & Oil Companies. Thytec Australia was awarded a major supply contract in 2019 for the Department of Defence F-35A Joint Strike Fighter Base Facilities at RAAF Base Williamstown and RAAF Base Tindal supplying UPS Systems & Frequency Converters 400Hz & 60Hz.

CAPABILITY

- Manufacturing
- Specialised Electronic Engineering
- Electronic equipment
- Electronic design
- Backup power supply to critical systems
- Power Protection & Renewable systems

7/29 Jersey Road, Bayswater
VIC 3153
